

การปรับปรุงเว็บไซต์วิทยาลัย

The screenshot shows the homepage of the Boromarajonani College of Nursing website. At the top, there's a banner with the college's name and ISO 9002 certification. Below the banner, there are several sections: a sidebar with faculty and staff lists, a main content area featuring a group photo of faculty/staff and a news item about a seminar, and a footer with various service links like e-learning, CHE QA Online, and CINAHL. The overall layout is clean and professional.
